

Continuing Education

Social Work: Application has been made to the NJ Board of Social Work Examiners for **4.0** continuing education hours.

Nursing: 4.0 Nursing contact hours will be provided by Hudson Perinatal Consortium, Inc. Hudson Perinatal Consortium is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver, by the American Nurses Credentialing Center's COA. Provider Number P110-3/10-13.

CADC: Application has been made to the Addiction Professional Certification Board of New Jersey for **4.0** recertification hours for CADC, CPS, and CPAS.

Objectives

1. The participant will know the developmental disabilities associated with prenatal alcohol exposure.
2. The participant will learn some case management skills as they relate to prenatal alcohol exposure.
3. The participant will identify the range of medical and health issues that people with FASDs are at increased risk for, as well as basic preventive care to address these issues.
4. The participant will understand that identifying, addressing, and modifying treatment for co-occurring mental health and substance abuse issues in the adolescent and adult with an FASD is essential in the care of these individuals.

Prenatal Alcohol Exposure: Secondary Disabilities and Life Challenges

Tuesday, April 5, 2011

9:00 am - 3:00 pm

Chart House Restaurant
Lincoln Harbor, Pier D-T
Weehawken, NJ 07086

Hudson Perinatal Consortium

*Perinatal Addiction
Prevention Project*

Sponsored by the Perinatal Addictions Prevention Project which is funded by a grant from the NJ Department of Health and Senior Services to Hudson Perinatal Consortium, Inc.

Speakers

Susan Adubato, PhD is a New Jersey licensed psychologist. She is on the faculty at the UMDNJ-NJMS in pediatrics and psychiatry and is the Director for the Northern NJ FAS Diagnostic Center and the NJ/NE FASD Education and Research Center. Dr. Adubato has spoken extensively on prenatal alcohol exposure, and has also published in the area. She is presently completing and E book on Prenatal Alcohol Exposure and FASD.

Mary DeJoseph, DO, a General Practice physician, is on the adjunct faculty of the Philadelphia College of Osteopathic Medicine. She serves on SAMHSA's FASD Center of Excellence Expert Panel, the NIAAA workgroup on Women, Drugs and Pregnancy as well as the New Jersey and Philadelphia FASD Task Forces. As a birth mom of three alcohol exposed children, she serves as the regional coordinator in the Birth Mother's Network.

Stephen and Christina are two young adults who will share their experiences of prenatal alcohol exposure on themselves and their families.
